SENIOR RESEARCHER COMPETITION

Senior researchers involved in EU-funded projects are encouraged to participate in the competition that will **identify and acknowledge leaders that generate impactful research in transport in the EU**. Winners will **receive awards from EC representatives and will present their work on an international stage**.

A **special award** has been introduced, to honor a “very” senior researcher who is about to complete or has already completed its career, and who has through the years made an outstanding and well-recognized contribution to transport-related research and innovation. An Open Call for nominations will be launched to the entire transport research community.
